I'm gonna add my voice to the chorus that say the body of the em Khaki shirt, like many WPG shirts, is way too blowy relative to the cut of the neck and armpit holes. Sleeves were way too short/tight at the Initial sizing "off" fixed with RMA

- Shipping was fairly quick. The sweater is great. I plan to upgrade the buttons. The first two people that saw it in public complimented it. It's a bargain. I'm a 44 suit jacket and I ordered an XL. Fit is very good on me.

- See my comment of oktober 15th: it's difficult to recalculate from U.S. measures into European. Trousers; although waist size is correct they are much too big (see also comments of August 22nd); had to redo all (5) main seams of the trousers and still can only wear them with suspenders. Jacket is great and shirt too.

Ottima riproduzione - Very good repro

Spedizione come sempre velocissima e ottima riproduzione della giacca; per gli ufficiali bisogna solo aggiungere il profilo sulle maniche. Delivery very fast as always and very good repro of the jacket; for the officer it's need to add only the fabric's profile on the sleeve.

Excellent piece of uniform! Good fit, good fabric, cut and styling matches originals exactly. Also matches a 1549 blue shirt made from the same tropical weight material I still have from the Air Force. Now, if only the dark OD officer's shirt would be made to these same specs...

A good pair of trousers in all respects. High quality fabric, very well made. There are some really great details, such as the watch pocket and the elastic ribbon inside the waistband to keep your shirttails from slipping out. True to size, almost a little tight in size 38, but will probably stretch.

Nice Boots!
I have been wearing these for a little while now. I like the nice, soft leather; it easily takes a spit shine and the boots look sharp. They tend to run slightly large and the inside of the buckles need to be smoothed so they don't chew up the leather strap. A good looking boot that is hard to find at double the price.

Early Style Trench Coat (For Non-US Clients only)

I've been thinking about buying one of these for while. I'm glad I took the plunge. This is no lightweight, showerproof garment. The trench coat is a good weight and feels very substantial. It's not far off a greatcoat weight with the liner in. I tested it by standing under a leaking gutter during a VERY heavy rain storm.

- Great way to dive into British WWI reenacting. The uniform fits to size, if a little snugly for size. The wool is high quality, and the uniforms themselves are well made. The boots are also well made, though the polish runs off pretty quickly when they get wet.

- Were it not for the plastic wrap, I'd have thought I was opening a dusty old forgotten footlocker that had been hidden away in an attic, under all the unused Christmas ornaments and neglected toys from childhood. What a treasure! This uniform would certainly have passed muster in 1916. Good job.

Wrong regiment

The kilt in the picture here is not a Seaforth kilt. The MacKenzie tartan worn by the Seaforth Highlanders has red and white intersecting lines, with a white line down each of the boxed pleats at the rear. I believe the kilt in the picture is a Gordon Highlanders kilt.

Great Sweater

Very pleased with this sweater. I am 6’0/190 and normally wear a 44R. I ordered a size XL and it fits perfectly...looks great with my Panerai watch, too. Colorwise, it depends on the light: sunlight makes it look more olive than brown and dimmer light makes it look more brown dominant. It is a very unique color

Full disclosure, I'm not a reenactor. I do airsoft, and bought this set because the pouches can hold a lot of ammunition, as well as a full cleaning kit. So I'm not reviewing this load bearing equipment from a historical accuracy standpoint, but from an end-user position. I've always been partial to the solid feel of Awesome LBE Set!!!

Top quality leather, unbeatable price, looks fantastic when polished up. Identical to originals. The holster sits on the belt at an angle, exactly like the originals (this was designed to prevent shooting yourself should your revolver go off in the holster). Suggestion to WPG: It would be great to see one exactly the same.

**US 1902 Pattern Khaki Cotton Breeches**
105935000
$98.00

A faithful reproduction of the breeches pattern adopted in 1902.

**US 1902 Pattern Khaki Cotton Breeches**

Name:  Mark - Location: Connecticut, USA - Date: 18-Jun-16  Rating: * * * * *

A well made article of clothing. The sizes run a bit smaller than usual, but people were smaller 114 years ago. Jerry was a gentleman as always regarding the returns, and helping me find a size that fit. A++

**US 1906 Entrenching Tool**
103581000
$32.00

The first pattern of the short T-handle entrenching tool, adopted around 1906, had no reinforcing metal on the back side of the handle. Very few exist because this weakness led to frequent breakages.

No matter how you feel about the quality, try to find an original. It is well made and fills a void in any collection.

**US 1906 Pattern Khaki Summer Cotton Tunic**
105109000
$118.00

A new reproduction of this scarce tunic. Stand and fall collar, bellowed pockets, french cuffs, rimless eagle buttons. **SIZING SUGGESTION:** These are cut small; order one size larger for comfort.

**US 1906 Pattern Khaki Summer Cotton Tunic**

Name:  Doug T. - Location: Wisconsin - Date: 26-Jun-16  Rating: * * * * *

I've been doing WWI re-enacting for over 20 years and have gotten lots of the associated "stuff". My unit is doing a stateside impression and I picked up this tunic. It's magnificent. First, I called WPG for the first time ever but got a voicemail so I figured I'd email with some questions and left no message. Well, Jerry was a gentleman again and we worked it out.

**US 1908 Pattern Canvas Leggings**
105115000

**US 1916 Pattern Cotton Poplin Summer Shirt**
206001000
$45.00

New reproduction of the scarce private purchase shirt for wear in hot weather.

**US 1916 Pattern Cotton Poplin Summer Shirt**

Name:  Phillip - Location: UK - Date: 19-Jun-16  Rating: * * * * *

A very well constructed shirt. The fabric is a bit thinner than expected, but is holding up well. Cut long, which is good if one is moving around a lot. The roomy pockets are also a plus. The shirt runs small and shrinks a little when washed. It is on the brink of being too tight in the sleeves- one should order one size larger.

Leather canteen cover

A very well constructed canteen carrier, leather, stitching and hardware are solid. Easy to fit on belt, backpack and saddle in various ways as needed. The 1910 canteen fits in well, but it's too tight for the canteen and cup together - but I'm still experimenting with stretching it. Kudos WPG for making these.

Officers whipcord breeches

Excellent, medium-weight fabric, buttons and main body stitching. The lower leg closures are constructed well. My main concern is with the cut. As instructed I measured at navel height which gave me about 37 inches and a half, so I ordered a 38. When worn high on the waist (as I think was the idea), there is not a lot of extra room.
